MARYLAND PORT ADMINISTRATION

---

# **Operations Alert**

**August 31, 2004**

**MPA Marine Terminals**

**Hot Work Permits**

**According to the United States Coast Guard's (USCG) Regulations, the Maryland Port Administration, as the facility operator/owner, must insure that all MPA tenants who perform welding or hot work are aware of the requirements in 33 CFR Part 126.30.**

**To accomplish this, the MPA requires that all tenants that perform welding or "Hot Work" apply for and receive a Hot Work Permit. In addition to the Hot Work Permit, copies of 33 CFR Part 126.30, the MPA's Hot Work Policy, and the General Procedures will be provided by the MPA's Safety and Risk Management Department.**

**The deadline for requesting a Hot Work Permit is September 30, 2004.**

**To apply, please contact the MPA Safety and Risk**

**Management Department at 410-631-1063 or E-mail to:**  
**[bmcMahon@mdot.state.md.us](mailto:bmcMahon@mdot.state.md.us)**.

**Thank you.**

**Barbara McMahon**  
**Manager, Safety and Risk Management**
